

Community Engagement Academic Intern

Golden Gate National Recreation Area; Hybrid
Full-Time, Summer 2025

Available only to students currently enrolled at COM, CCSF, and SFSU

Organization Description:

Since 1981, the Golden Gate National Parks Conservancy (Parks Conservancy) has served as the nonprofit partner of the National Park Service, collaborating with the Presidio Trust, partners, donors, and the community to support the Golden Gate National Recreation Area (GGNRA). The GGNRA stretches across three Bay Area counties north and south of the Golden Gate Bridge and includes iconic places such as Muir Woods National Monument, Fort Point National Historic Site, Alcatraz Island, Crissy Field, Mori Point, Lands End, and the Presidio of San Francisco.

The Parks Conservancy engages at the intersection of national park sites, local communities, social justice, and climate resilience. Collaborating with partners, our staff are dedicated to enhancing public awareness and providing volunteer and educational opportunities in the parks. We are park builders, caretakers, ambassadors and educators, all working to connect people to parks in support of our vision *Parks for All Forever*. Join us.

Department Description:

The Parks Conservancy's Community Stewardship and Engagement (CS&E) team is passionate about creating and strengthening connections between communities and parklands through a variety of programs that serve a diversity of Bay Area communities. We strive to prioritize building trustful relationships and impactful experiences that provide opportunities for stewardship and science, storytelling, recreation, exploration, and wellness. We work to understand the needs of our local communities, listen deeply, and collaborate with our community leaders to co-create programs. We seek to support the health, well-being and care of both our local communities and our flora and fauna and inspire new ways of learning and

contributing to social justice and environmental issues.

Our programs, partnerships and initiatives intersect with our other Parks Conservancy teams such as Park Projects and Design, Conservation and Community Science, Youth Programs, Nurseries team, Volunteer and Intern Program, and One Tam and tri-agency partners to ensure that our service to youth, families, volunteers and interns is rooted in community values and needs. Our tri-agency collaboration, with the National Park Service and Presidio Trust, is central to these efforts.

As a newly restructured Department, we are in the building phase of our work as we develop and formalize the programs we offer and the partners/communities we serve. As a team, we are committed to centering our values of equity, justice and belonging as we learn and grow.

Position Overview:

Are you excited about working outdoors and engaging communities in the Golden Gate National Parks through a variety of community engagement and outreach programs and efforts in the parks? The Community Stewardship and Engagement team is ready to welcome you! Through mentorship of caring and intentional staff, you will be introduced to many aspects of community and partnership building, program planning, development, communication, delivery and operations of creative nature-based programs that serve a wide range of community and youth groups across the Bay Area, with a focus on engaging communities and neighborhoods that have been historically underrepresented or have faced barriers to accessing nature.

These programs are designed and co-created with community leaders to support the needs of the community and take place at a park site or in a neighborhood or community location. Some examples include libraries in all three counties, community hubs and institutions such as the YMCA, Boys and Girls Clubs, and tabling events and nature pop-ups through the Roving Ranger and Tam Van Programs that take place on weekdays, and Saturdays with occasional evening and Sunday programs.

During this internship, you will receive hands-on experience in leading and facilitating interpretive and educational programs and developing meaningful community partnerships. While the primary focus of this internship will be in San Francisco parklands and communities, you will get an opportunity to support programs offered in San Mateo and Marin County.

Most importantly, you will be an integral part of a supportive, caring, collaborative, and fun team that builds, grows and nurtures long lasting relationships within the organization and beyond.

The internship will be based out of Fort Mason, San Francisco with frequent travel to park sites in all three counties: San Francisco, Marin and San Mateo. We request candidates to be flexible and

accepting of dynamic schedules, as much of our work is weather dependent and in collaboration with our communities.

This position is located at Fort Mason. The start date for this position is June 3rd, 2025, with an end date of August 15th, 2025. Work is performed Hybrid (virtual and in-person). The work schedule for this position is Tuesday- Saturday 9 a.m.- 5 p.m. Interns must be able to work in half-day or full day increments. Interns must have a Social Security Number or and Individual Taxpayer Identification Number to receive a stipend. This position is only available to students currently enrolled at College of Marin, SF State University, and City College of San Francisco.

Reports To: Program Manager, Community Engagement

Learning Objectives:
